

In-mill Service

Dan Hayes - Service Manager

Pulmac International offers in-mill service, training and commissioning support for all Pulmac related equipment.

Description

Your local representative, or our central administrative offices, can quote your needed service support. Whether an emergency intervention or a scheduled preventative maintenance visit, Dan Hayes has over 15 years of operator, service and production experience on Pulmac equipment. Dan can also offer testing, training, commissioning and troubleshooting support fully backed by the factory.

Reliable Service

Resume

IP Earling Riese Labs 15 years
Principle Independent Testing Services 5 years
Thwing Albert Instrument Co 3 years

Benefit to You

Dan Hayes knows Pulmac equipment and his way around a mill. He can quickly and reliably troubleshoot, optimize, maintain, train, and commission all Pulmac related equipment. He is also trained in servicing conventional test equipment.

Bottom-line: Increased uptime and data credibility for mission critical testing activities.
